

Free resources to support clinical, training, and research needs

PAR HEALTHCARE OFFERS IT ALL

We know how busy you are. Whether you're conducting research, treating patients, evaluating assessment outcomes, or teaching students, PAR Healthcare offers a variety of solutions designed to support your needs.

HOW YOU'LL BENEFIT FROM OUR TARGETED SOLUTIONS:

Clinical support

We can help you build customized, cost-effective assessment batteries.

Education support via the PAR Training Portal

Access in-depth training for you, your colleagues, or your students—at no cost!

Research support

Whether you're publishing a paper or writing grants, we'll help you with every step.

PUT OUR KNOWLEDGE TO WORK FOR YOU!

More tools to support you!

Need Spanish-language assessment tools?

We can create assessment batteries built specifically for the needs of your Spanish-speaking clients.

Access FREE, on-demand education and training!

We provide you with FREE access to comprehensive education and training materials to use in practice or with your students.

Work or teach in a university setting?

PAR's University Partnership Program (UPP) assists you and your students as they pursue advanced degrees, with **savings of up to 40% on select PAR products.**

Access our FREE continuing education webinars.

PAR is proud to offer FREE APA-qualified webinars relevant to your practice. You can sign up for upcoming sessions by visiting partalks.parinc.com.
